THE ELIZABETHAN II STUDY GROUP NEWSLETTER

Under auspices of BNAPS - *The Society for Canadian Philately*

Volume IX, Number 2

Whole Number - 50

Copies Mailed 112

This is a very special issue. It is the 50th consecutive issue of the Corgi Times - a bi-monthly publication - which translates to the 100th month of continuous service to the Study Group. Who would have believed it eight years ago. Certainly not this editor. What made this possible has been the great support from the membership. As I recall during this entire period there have been only two occasions in which I have had to ask a member for an article in order to fill out an issue. Pretty fantastic in my view. There are a number of you who have had major roles in this accomplishment. Originally I was going to publish such a list but every time I looked the list over I remembered another who should on the list. It became evident that this is a group accomplishment and recognition is shared by each and every member. I do believe one exception is warranted. The first issue of Corgi Times was mailed to 55 members and potential members - most all of whom became members. This would never have happened without the tremendous recruiting effort by Bill Pekonen. He is still a strong supporter. Many, many thanks Bill.

The Study Groups (Centennial & Elizabethan) offer of a fall private treaty sale in lieu of our previous annual auction is very much alive and there is good news and bad news. The good news is that a goodly amount of material is on hand and preparations are proceeding. The bad news is that for personal reasons it may not be possible to get the package in the mail soon enough to avoid the Christmas mail crush. If that turns out to be the case then the bad news is that the mailing will most likely occur in January.

BNAPEX 2000 at Schaumburg, Illinois was certainly a successful convention. Attendance exceeded that of the past two U. S. based conventions. There was a full slate of Study Group meetings and the social activities were well received. TOPICS and BNAPortraits will cover many of these aspects in depth. One of the personal highlights was receiving, on behalf of the Study Group, the John S. Sieverts award for the best study group newsletter for 1999. It is not too early to mark your calendar for BNAPEX 2001 - Crowne Plaza Hotel, Ottawa over Labour Day weekend - Aug. 31 to Sept. 2.

We have three new members to report:

Lawrence M. Goldberg, P. O. Box 7170, Buffalo Grove, IL 60089-7170. Interest area: Karsh, Wilding and Caricature Issues. Also KGVI collector. e-mail: lmg@imgcomm.com

Joseph Berkovits, 260 Adelaide St. E. #33, Toronto, ON. Canada M5A 1H1. Interest Area: Literature.

Stephen R. Powers, 1618 Bergenline Ave. #6, Union City, N. J. 07087-3249. Interest area: Elizabethan Period Definitives - emphasis on the classical period (Karsh, Wilding & Cameo issues) and Varieties. Also the Centennial Series.

"PC Postage" companies have had a wild ride. E-Stamp Corp. went public about a year ago At \$17 and soon was at \$40. As this is being written it is down to 59¢ each. "Stamps.com" went public in June 1999 at \$11 and roared to \$98.50. Today its shares are selling for \$3.03. (Ed note: I was too dumb to ride the cycle but smart enough to stay totally out)

Long range planners need to note the dates Sept. 27-28-29, 2002 - Apple Harvest 2002 here in Spokane, WA. See the Planning Calendar- page 32.

Orapex 2000 & The Fifth Canadian National Philatelic Literature Exhibition

by Joseph Monteiro

Orapex 2000 and the fifth Canadian National Philatelic Exhibition were held on May 6 and 7, 2000. This exhibition was a much better show than the one held the previous year largely due to its better performance on the literature side. As usual, there were dealers, Canada Post Office, stamp exhibits and literature exhibits.

Two special 46-cents bird envelopes were overprinted, commemorating Henry Heckler (1853-1928). Henry Heckler was a well known collector, dealer and philatelic organizer. In addition, two special cachets were available on the envelopes showing the 'One Penny Black'. The two are very similar, the only difference between them is that one also contains the inscription 'PHILATELY - PHILATÉLIE'. These two envelopes are shown hereafter for the benefit of those philatelists who did not get a chance to visit Ottawa.

The most important aspect of these shows is the exhibition of stamps and the business it generates for the dealers. It also serves as a meeting place for various collectors, authors and editors and a place to view the various types of literature from various countries that are available. Since the literature is usually kept in a cupboard and available on request, it cannot be viewed by passerby's and therefore does not have the greatest impact. We shall now turn to examine some of the results of the literature exhibition.

LITERATURE AWARDS

There were 147 awards given for literature. These are shown in Table 1 below (the statistics below exclude the non-competitive class). More than fifty percent of these entries were in Class A - Handbooks, Monographs, Pamphlets and Special Studies

Table 1 - Awards By Class at the CNPLE5*

CLASS	Gold	Vermeil	Silver	Silver - Bronze	Bronze	TOTAL
Class - A	9	19	31	22	3	84
Class - B	2	5	8	8	-	23
Class - C	-	4	13	9	3	29
Class - D	-	-	1	-	-	1
Class - E	-	1	1	1	-	3
Class - F	-	-	1	1	-	2
Class - G	1	1	1	1	1	5
Total	12	30	56	42	7	147

*Excludes - Certificate of Participation and Hors Concours

Countries that were the Best Performers: The Countries that were the best performers were U.S.A. (4); Canada (4); Switzerland (2); Belgium (1); and Czechoslovakia (1). All of the above twelve awards were gold and the gold with felicitations was won by Galen D. Harrison from the US for his book "prisoners' Mail From the Civil War". The next category of achievers who won Vermeils were from: USA (8); Canada (6); UK (5); Italy (5); France (3); Australia (1); Dominican Republic (1); Czechoslovakia (1). Three of these were Vermeils with felicitations. Of these, two were from UK and one was from France. In the other categories, fifty-six awards were silver, forty-two were silver-bronze and seven were bronze. If these results were plotted on a graph it would appear in the shape of a bell, peaking at the silver award.

Distribution of Awards between Classes: An examination of these awards by the three major classes Class A (Books, etc.); Class B (Catalogues, etc.); and Class C (Newsletters or Periodicals, etc.) does not indicate any unusual distribution of the awards. For example, slightly more than ten percent won gold in Class A and Class B. However in Class C, the performance of entrants appear comparatively worse, since no entry won a gold and an even smaller percent won a vermeil in comparison to categories A or B. Finally, in Class G (Electronic publication) one entry won a gold. This was the publication by "Scott-U.S. Stamp Collector's Database 2000 [CD -ROM]"

Concluding Remarks on Literature Awards: In conclusion, the distribution of awards appear to be well balanced between each class and between various classes for literature. It should be remembered however that the overall distribution of awards is traditionally quite similar to the distribution of awards for philatelic literature entries.

A BRIEF COMPARISON OF THE LITERATURE AWARDS AT ORAPEX AND STAMP SHOW 2000 - LONDON

The literature awards at the World Exhibition - Stamp Show 2000 - in London will be compared with the awards at Orapex 2000 to see if there are any noticeable differences. At Stamp Show 2000, 183 awards were given in Classes 1-3 which correspond to the Classes A to G at Orapex (Class 1=Class A; Class 2=Class B; and Class 3=Classes C to G). The awards as a percent of the total awards are shown in Table 2.

Table 2- A Comparison of Awards at the CNPLE5 and Stamp Show 2000*

Award	OTTAWA -CNPLE5	LONDON -Stamp Show 2000
	%	%
Gold	8.16	3.28
Vermeil	20.41	36.61
Silver	38.09	41.08
Silver-Bronze	28.57	14.21
Bronze	4.76	3.82

*Excludes - Certificate of Participation and Hors Concours

The statistics reveal that only 3 percent won a gold in London compared to 8 percent in Ottawa, suggesting it was a bit more difficult to win a gold at the World Exhibition. A larger percentage won a vermeil at London than in Ottawa. About the same percent won a silver and bronze at both shows. Finally, a much larger percent won a silver-bronze at Orapex than at Stamp Show 2000.

A brief review of the awards by Class suggest that Class 1 fared comparatively better than Classes 2 or 3 in London. Slightly more than half the entries in London either won a gold or vermeil in Class 1. This compares roughly with a quarter of the entries that won a vermeil in Classes 2 and 3. Further, there was no gold awards in Class 2 or Class 3 in London unlike the Orapex show. The conclusion one may draw from this may be slightly misleading if one concludes that it is easier to get to the top in Class 1, as only .55 percent and 2.73 percent won a gold or large vermeil of all entries, respectively. In terms of percent, within Class 1 it was 6.45 and 22.5, respectively.

THE AWARDS CEREMONY

The awards ceremony is always the most enjoyable part of the show. The ceremony is attended by the some of the big winners, patrons of the RA Stamp Club, Judges, dealers and the key organizers. The awards are presented with the customary glamour and speeches. Thereafter is the buffet dinner. It is done with the usual grandeur and style. The ticket for the awards is extremely reasonable priced and if any of the philatelists have not attended this ceremony they should ticket for the awards is extremely reasonable priced and if any of the philatelists have not attended this ceremony they should try to attend it in the future. Wine, cheese and many snacks to satisfy the most demanding palate.

Most of the philatelists and guests who attend this ceremony are very friendly. Perhaps, the only factor that was noticeable and pointed out to me was that most of the Judges stuck to themselves. They perhaps have their reasons for sticking together as is often characteristics of most people who are acquainted with each other. However, it should be noted that they are quite friendly as I know some of them personally.

CONCLUDING REMARKS

Orapex 2000 is an annual philatelic event in Ottawa and was organized quite well. The literature part of the event was far superior than the previous literature show. The certificate now presented is also far superior than the older ones, creating a better impression of an award. If it also provided some sort of a medal, rather than a sticker it would rank on a par with some of the national shows in the United States of America.

Notwithstanding some of the minor deficiencies, it was an excellent show for a population the size of Ottawa. Most philatelists in Ottawa would not be disappointed if they attended this annual philatelic event.

CANADA POST GENERAL PURPOSE CACHETS - BACKGROUND - ..

Starting in 1949, Canada Post produced a general purpose cacheted envelope which was used to replace covers which were received in damaged condition. The same basic design was printed several times and was in use until the end of 1965. This design is generally referred to as Type I.

A Type 2 was used only for the 1966 stamp issues.

A special cachet (Type 3) incorporated the Centennial logo as part of the design and was used for stamps issued in 1967.

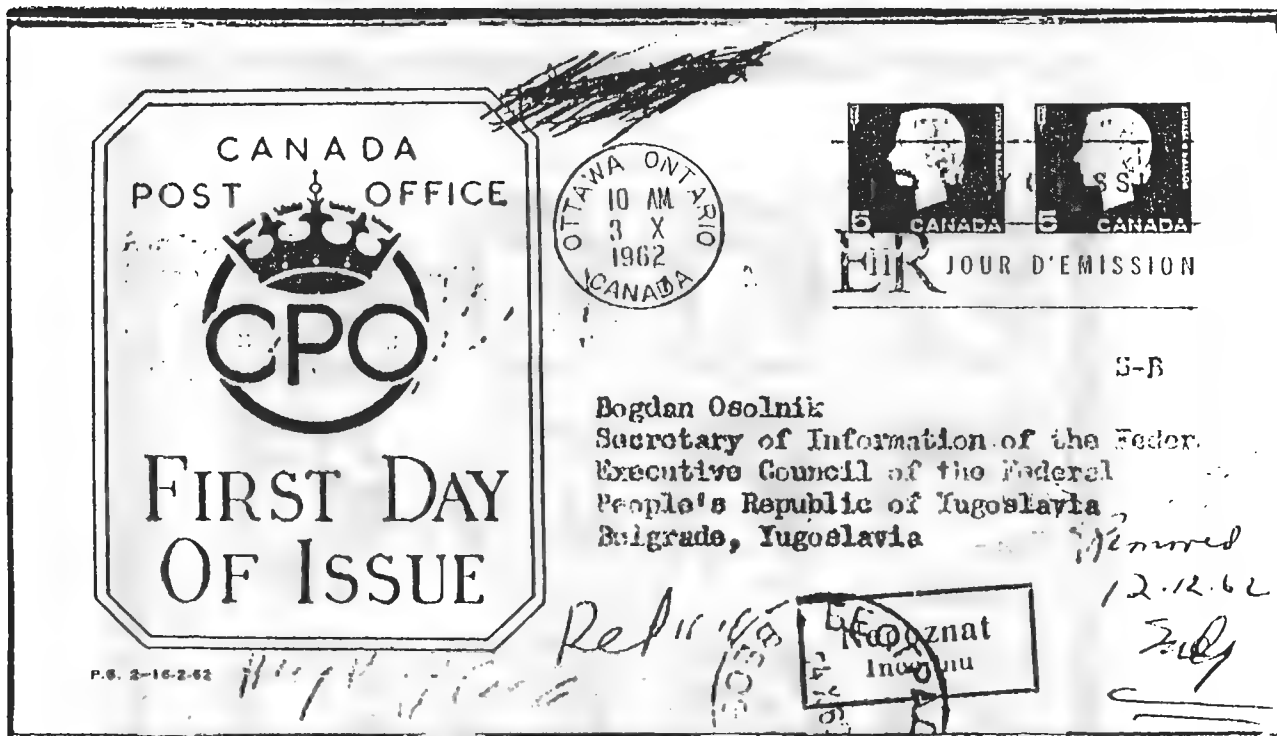

A new design (Type 4) was introduced in 1968 and was used until the early part of 1971.

A Type 5 was brought out in 1971 and was used until 1974. Since that time Canada Post has replaced damaged covers with the Official Canada Post cachets for the specific stamp issue.

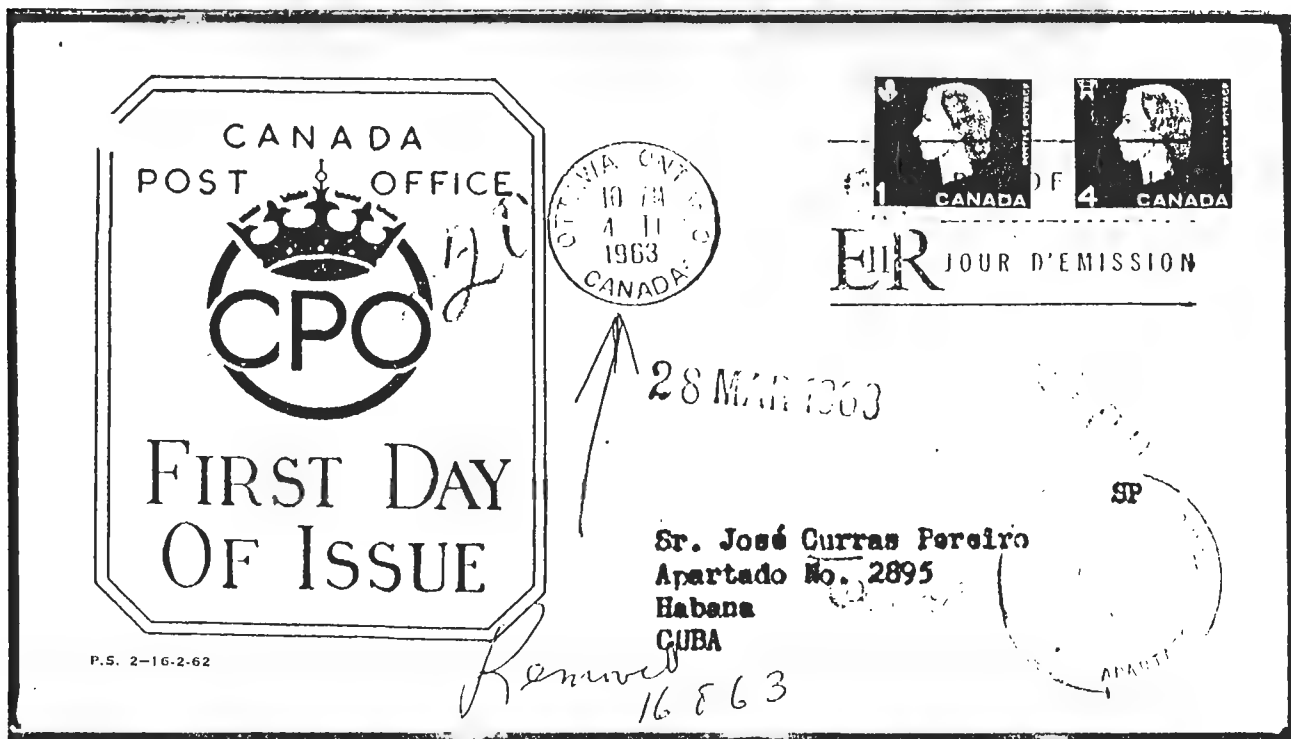

Since these General Purpose Cachets were not issued on a regular basis they are much rarer than regular private or Official cachets used for each stamp issue.

Shown on the next page are examples of the Type I covers from the Cameo time period. (.. See next page)

SECTION IX - REQUEST FOR ADDITIONAL DELIVERY - RED DUES

By: John Arn

Volume VIII, No. 4. pages 72-3 featured a number of additional delivery covers generally using 'Red Dues' stamps and explaining why almost always these stamps are not tied. The article further requested anyone having examples with the stamps tied make them available for a future newsletter. None were received tending to further validate their scarcity.

Now, from an entirely different source, the Editor is pleased to share the most recent addition to his Red Dues exhibit.

It is a delivery notice dated 29 IX 1981 requesting additional delivery. It was accidentally torn and repaired by Canada Post (Red repair tape on the front with the end folded over onto the back) and cost of delivery (75¢) paid with 3 stamps (50¢, 24¢ and 1¢) from Series 4 and nicely tied by hand stamps at Carleton Place, Ontario.

John reports he sent this cover to himself in order to get the \$2 Quebec used on cover. He had a note in the envelope that it was to be saved for him. When he went to pick up the cover it was not there. It turned out the Lady in the post office had held the cover as she was concerned the \$2 value would be taken before he could collect the cover.
